RE: Application No. 10/840,113

Petition for Revival of an Application for Patent Abandoned Unintentionally under 37 CFR 1.137(b)

The utility patent titled "Frame and bracket system for motorized vehicle" was unintentionally abandoned due to the fact that the attorney of record for our patent had left the original filing firm Buchanan Ingersoll. All correspondences received from the USPTO at Buchanan Ingersoll, then floated around their offices for months, before they forwarded information to the original filing attorney at his new firm, Drinker Biddle. He then returned USPTO correspondence to the original filing firm (BI) since he was not retained as our attorney at his new firm. The documents were then forwarded to another firm, Saul Ewing, where our lead attorney had transferred to.

By this time, months had gone by and deadlines for filings had passed. To add insult to injury once I was notified, I tried to contact the patent office and was informed that I could not speak to an examiner regarding my patent since the original attorney at the original law firm was listed as having power-of-attorney over the patent filing and communication. I have submitted form PTO/SB/81, POA, and Correspondence Address Indication form, so I am now, hopefully, my own contact for all future patent correspondence.

Thank you for your prompt attention to this matter.

Cordially,

Christopher N. Nagle
